PROJECTS

Personal Portfolio | *React Js, Material UI and CSS* | GitHub | Live Demo

- Personal portfolio meticulously built using React and Material UI. Showcases a variety of projects with a sleek and intuitive design that reflects a passion for technology and creativity.

FB Lite Clone | *HTML, CSS* | GitHub | Live Demo

- Created a Facebook Lite clone using HTML and CSS, featuring functionalities such as loading animation, newsfeed, friend requests, messenger, notification, videos, and Marketplace section. The design is responsive, ensuring usability on smaller devices.

Other Small Projects
